

Democrats working together is a clear path to victory!

Volunteer to Help Elect California Democrats!

Volunteers are Key to Our Success

Democratic voter turnout will be essential to ensure the success of our candidates across the state in the November Election.

To increase participation by Democrats who only vote occasionally, the California Democratic Party, in coordination with our statewide partners, has implemented the following multi-phase program:

PHASE I

Sign-up “Occasional Poll Voters” to become Permanent Vote-by-Mail voters

This statewide volunteer-driven program is converting occasional poll voters into Permanent Vote by Mail (PVBM) voters. As a result, they will be twice as likely to vote in the General Election.

PHASE II

Ensure “Occasional PVBM Voters” return their mail-in ballots

These voters receive a mail ballot but are unlikely to return it in non-presidential elections. They will be identified and targeted for GOTV in the 29-days prior to the election.

PHASE III

Get Out the Vote: “Occasional Poll Voters”

The CDP is partnering with other statewide groups to identify those who will vote Democratic and get them to the polls on Tuesday, November 2.
